Dear Sir,

I shall be very glad to hear from you whether there was some one by name Chhagan or Kheraj of Gujrat, Khathiawar, who was serving in some firm at Kobe or Yokohama, Japan, and have left the place without telling some one where he is to go. I hear, rather, he has done some wrong with the Firm where he was employed and thus run away from the Firm. If it is a fact, I am in a position to tell you that the man is here now and by the name of Rahim, who tells, himself, of Mohamedan Religion, but he does not know the same. He knows a little sanskrit and he is the man of round head, hot temper. If such is the case, I shall be glad to give you all the information, you want and if you can give me some particulars of the person who ran away from Kobe, or Japan, after doing some wrong to the firm. Further on, I shall be glad to hear from you the names of the merchants in Kobe, and Yokohama, Japan, and other names of the students from India, who are working in the factories of Japan, or studying in Tokio, Japan, I shall be very glad to get the information, so far it is possible for you to get one, as we here want to start a Magazine, and so, we want the cooperation of all the merchants of India doing the business in Japan, whether Hindu or Mohamedan to include and interest them in the publication. I hope you would very kindly inform me on the points as far as possible. Our Magazine would be for the business to extend it, to India and Japan and America. The students name also are required who are studying there. Hoping to hear from you soon in the matter.

Yours Truly
