Dear Baltej:

On behalf of the Board of School Trustees, it is my sincere pleasure to forward this letter to you as an expression of our appreciation for your dedication and hard work for participating in the coordination of the February 1994 Community Interaction/Professional Development Day program in Quesnel.

We have received an overwhelming number of compliments from District employees, guest speakers, people within the Province as well as community members who were able to attend the many worthwhile sessions. Virtually all comments were favourable. You and the organizing committee can be sincerely proud of your efforts and accomplishments.

Thank you again for your help in organizing this very successful program in the Quesnel School District.

Yours truly,

**BOARD OF SCHOOL TRUSTEES  
QUESNEL SCHOOL DISTRICT**
