The Immigration Agent,  
Vancouver, B. C.,  
24/6/14

Sir:

I have the honour to state that I have informed you several times before for supplying with fresh water, but no answer as yet about it.

All men have been drinking a bad, dirty, unrelish water, which put them to sickness of bad cough & throat sore, but now this bad water has been also finished.

I beg to draw your attention to supply us with good fresh water today evening.

Yours trully,

"Daljit Singh"
