Dear Cnst. Dhillon;

Re: Indo Canadian Youth Symposium

On behalf of the Indo Canadian Women's Organization, I would like to thank you for taking time out from your busy schedule to spend the day and be a part of our panel and facilitator for the Youth Symposium.

We would like to express our greatest appreciation to you for sharing your personal experiences and knowledge with the audience. We received a lot of positive response on the selection of all the members of the panel as well as the Youth Symposium as a whole.

This Youth Symposium has raised a great awareness of the issues concerning youth and we have already had a number of follow-up requests for another symposium. Once again we would like to thank you for helping make this Youth Symposium a success.

Thanking You.

Daljit Ahira
