**ARGAN SINGH IS SHOT IN THROAT**

Another Hindu Tragedy for the Police to Solve Follows Harnan Singh's Death.

Again Alleged, as Was Harnan, to Be Friend of the Immigration Men.

While the police had not completed their work of investigating the strange death of Harnan Singh, a Hindu priest, alleged to have given information to the government, the mystery was further complicated by the shooting last night at his home at 1747 Third avenue west, of Argan Singh, a friend of Harnan, and also an alleged friend of the authorities. The man died within a few minutes of the time that he was shot, without being able to give a very definite statement as to the identity of the man who shot him. Eleven Hindus who were in the house at the time were arrested, and are held as material witnesses.

Inspector of Immigration W. C. Hopkinson, who speaks Hindustanee fluently, was secured by the police last night to question the Hindus who were present at the time of the shooting, and worked all night, getting, it is understood, several different versions of the affair.

As far as could be learned from the police, who are very uncommunicative upon the matter, a dispute arose in the Hindu boarding house on Third avenue, probably over the death of Harnan Singh, a topic which has been causing a good deal of discussion, and Argan Singh was accused of being a friend of the immigration authorities. The quarrel grew until it was terminated by the firing of a shot which penetrated Argan's throat.

**FURTHER LIST OF CASUALTIES**

 Kennedy, Captain C. F. C. O., Scotch Borderers.  
 Mitchell, Second Lieut. L. F., Fifth Dragoon Guards.

**Non-commissioned Officers:**  
 Atkins, Corporal W. H., Royal Field Artillery.  
 Catchpole, Corporal M., West Kent Regiment.  
 Thomas, Corporal A., Royal West Kent.

The official bureau issued a further statement of British casualties as follows:  
 "Killed, 18 officers, 62 other ranks."  
 "Wounded, 78 officers, 312 other ranks."  
 "Missing, 86 officers, 4673 other ranks."

The official bureau explains that the missing men in the district of Amiens are not accounted for and include "wounded prisoners and stragglers as well as men killed or wounded."

Regarding the "other ranks" it stated that 2682 men are returned as having been sent back to their base unfit and a large proportion would be included in the number shown as missing in this and the previous return from general headquarters.

**TWO AGED RECRUITS**

Man of Seventy, and Another of Seventy-one Join Colors.

Facts, Sept. 4.—The Avignon recruiting centre announces the enrollment of a seventy year old recruit, George Clark, a retired gardener, who has an 1870 war medal and has two sons already at the front. He follows the example of ex-Lieut. Col. Royal aged seventy-one, who retired from the command of the 148th Infantry in 1904 but volunteered to serve in the ranks of Nancy, although he is a member of the Order of St. Michael.

**Called the Police.**

A Hindu rushed to a policeman and informed him of the shooting. Inspector Dave Scott of C division was summoned, and with his men surrounded the house. Deputy Chief of Police McRae and Detective Inspector McLeod were summoned, and with the uniformed officers rushed the house, securing the eleven inmates. A hurried search of the place discovered two revolvers, one of which showed faint traces of having been used lately.

Inspector of Immigration Hopkinson was sent for, and spent the night at the police station questioning the men to ascertain if he could the manner in which Argan met his death.

Harnan Singh, who was picked up near the Kitlano car barns several days ago with his throat cut from ear to ear, and his legs tied by his turban, was declared by the police yesterday to have committed suicide, but in the light of the death of his friend, the detectives are not so positive now that he was not murdered, probably by the same persons that have intimate knowledge of the death of Argan.

**Threatened With Death.**

Members of the immigration department, as well as several Sikhs, including the two men who are now dead have been threatened with death by the Hindu revolutionaries in this city, but these threats have always been taken lightly. In view of the mystery surrounding the death of the two friends who were loyal to the government, the authorities are not so sure that there is not a band of assassins, who have sworn to carry out the threats.

That something of a serious nature has been contemplated by the East Indians is evident by the discovery several days ago of a quantity of military ammunition in some bushes near the Hindu center. This ammunition was all marked with the government brand arrow, and was probably smuggled into Canada by the Hindu revolutionaries.

The body of Argan was removed to Harnan Road, undergoing further where an inquest will be held.

Charged in Court.

**STOMACH TROUBLES DUE TO ACID**

50 DAYS' TRIUMPHANT SUCCESS

So-called stomach troubles, indigestion, wind and acidity, are probably due to acid in the stomach. The food contains a quantity of acid which is not neutralized by the stomach. This acid is converted into lactic acid, which is the cause of the trouble. The only way to get rid of it is to take a course of Dr. Williams' Pink Pills for Pale People. This medicine is not only a powerful stomachic, but it also builds up the system, and is the only medicine that will cure the trouble. It is the only medicine that will cure the trouble. It is the only medicine that will cure the trouble.

## TWO AGED RECRUITS

Man of Seventy, and Another of Seventy-one Join Colors.

Paris, Sept. 4.—The Avignon recruiting centre announces the enrollment of a seventy year old recruit, Georges Clemt, a retired gendarme, who has an 1870 war medal and has two sons already at the front. He follows the example of ex-Lieut. Col. Royal, aged seventy-one, who retired from the command of the 148th Infantry in 1906 but volunteered to serve in the ranks at Nancy, although he is an officer of the Legion of Honor and the wearer of the 1870 and other medals. It is announced that his services will be accepted, but his former rank retained.

All My Corns Are Gone

Every day, legions of people get rid of their corns with Blue-jay. This easy method now removes a million corns a month.

You who suffer with corns do yourselves an injustice. Blue-jay will instantly stop the pain! And in 48 hours, without any soreness, the corn comes out completely.

About half the people know this now. When a corn appears they put Blue-jay on it. Then they forget it. In a couple of days they lift out the corn and bid it good-bye forever.

You can't do that by using corns. And you can't with old-time treatments. You may get relief for a day or two, but the corn simply grows and grows.

Try this modern, scientific way—the way now employed by physicians and druggists. Get rid of the corn. It's just as easy, but it's permanent and it's healthy.

That something of a serious nature has been contemplated by the East Indians is evident by the discovery several days ago of a quantity of military ammunition in some bushes near the Hindu quarter. This ammunition was all marked with the government broad arrow, and was probably smuggled into Canada by the Hindu revolutionaries.

The body of Argan was removed to Harron Bros.' undertaking parlors, where an inquest will be held.

### Charged in Court.

Ram Singh, a big surly looking Hindu, was charged in the police court this morning with the murder of Argan Singh. He was adjourned until next Thursday, when the police expect to be able to proceed with the case against him. What connection Ram had with the murder the police will not say, but it is understood that he is the one whom the authorities believe fired the fatal shot. It was Bela Singh who informed the authorities of the shooting.

Friends of the accused man, who maintained a very haughty attitude while in the dock this morning, have been invading the police station with food and clothing for him. One Hindu brought a Sikh Bible wrapped in silk and asked that it be handed to the prisoner, but for fear that it might contain some written instructions as to his conduct, the authorities would not allow him to have it, and Ram must gain solace from what passages of the holy word that he can remember.

## COMPLAIN OF DELAY

Italian Correspondents of Newspapers Don't Like Their Treatment.

London, Sept. 4.—The Evening News publishes the following despatch from its correspondent at Milan, Italy:

"Italian newspaper correspondents are complaining of the great delay in transmission on telegrams filed in London by Italian correspondents addressed to papers in Italy. These messages take from twenty to thirty hours to come through, while press telegrams from Berlin take only four and five hours to reach Italy. As a result the German version of events always precedes the English version, which associates Italian opinion to such an extent that first impressions, which always are given by Germany, are most detrimental and difficult to correct.

"The English authorities in their own interests should give more facilities to Italian correspondents in London who are after all friendly and who would do effective work, if not hindered by unbearable delay.

"Germany is now doing very good intelligent work in influencing Italian public opinion by means of the correspondents in Berlin who are always, which are forwarded immediately and without delay to the news world at large.

## STOMACH TROUBLES DUE TO ACIDITY

SO SAYS EMINENT SPECIALIST.  
So-called stomach troubles, such as indigestion, wind and stomach-ache are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach and causes that full, oppressive feeling, sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnatural but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid and render it bland and harmless, a teaspoonful of bisaturated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisaturated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.
