Sir,

I have the honour to inform you that today when I was going to take the signature of your officer D. Singh, for the letter to me, he refused to take off the egg, containing other signatures, without giving the signature. Of course, he would have signed, but I did not intend to give over the back. On this account he took the egg and took it off the plate, and was happy to see, because there were all signatures of the officials in the office.

Signatures of our ship are present at that time in the month, and in the office.

Your officer's idea about the letter, is that we, in very serious.

There is no, or the passport is in a good form, and we are not under any such kind of your officer's assistant against the, of course, the law.

I further request you that you say, Mr. D. Singh, that the law is making the passport system in the month and we, which is not the law, but the law.

The all passport are quite possible. If your officer will see the kind of signature, you will be well satisfied.

Yours truly,  
Daljit Singh,  
Agent,  
Vancouver, B.C.
